## Explanation of our Code for the Origin of the Products (COP)

**G:** This is the genuine part, which is supplied by the car manufacturers and normally comes in car manufacturers' packaging.

**A:** This is a part which we buy from our own production lines, who have the ISO 9000 "Quality Approval" rating.

**R:** These parts are designated as replacement parts either because the manufacturer is not an original supplier or because the particular part is known to be different in specification to the OEM one.

## Erklärung von unserer Warendefinition (COP)

**G:** Originalersatzteile, die nach den Spezifizierungen und Produktionsanforderungen hergestellt werden, die von Kraftfahrzeugherstellern

für die Herstellung der Bauteile oder Ersatzteile des fraglichen Kraftfahrzeugs vorgegeben wurden.

**A:** Qualitativ gleichwertige Ersatzteile, die von unseren ISO 9000 zertifizierten Fabriken hergestellt werden.

**R:** Nachbauten- Zukauf aus Handel. Passende Ersatzteile ohne O.E. Anspruch.

## Explication de notre Code d'Origine des Produits (COP)

**G:** Il s'agit d'une pièce d'origine telle qu'elle est fournie aux constructeurs et qui est généralement livrée dans l'emballage d'origine.

**A:** Il s'agit d'une pièce que nous achetons auprès de nos lignes de production, qui ont l'homologation ISO 9000. Ces pièces ont

une qualité en tous points comparables aux pièces d'origine.

**R:** Il s'agit de pièces spécifiquement développées pour le marché de la rechange soit parce que le producteur n'est pas un fournisseur première-monte, soit parce que ces pièces sont différentes des spécifications première-monte.

## Explicación del código de origen de nuestros productos (COP)

**G:** Son piezas de origen que están entregadas a los fabricantes y que son casi siempre entregadas en su embase original.

**A:** Son piezas que nosotros compramos a nuestras fabricas, que tienen la homologación ISO 9000. Estas piezas son de una gran calidad en su mayoría comparable a la de las piezas de origen.

**R:** Son piezas exclusivamente desarrolladas para el mercado del recambio porque el productor no es el proveedor en Primer Equipo o porque las piezas tienen diferentes especificaciones que las de Primer Equipo.

## Verklaring van de code van oorsprong (COP)

**G:** Dit is een origineel onderdeel dat werd aangeleverd door de autoconstructeur en gewoonlijk wordt geleverd in de originele merk verpakking

**A:** Dit onderdeel werd vervaardigd op onze "ISO 9000-productielijnen". De kwaliteit is volledig vergelijkbaar met OEM.

**R:** Het betreft onderdelen die speciaal ontwikkeld werden voor de vervangingsmarkt, hetzij omdat de fabrikant niet levert aan eerste montage, hetzij dat deze onderdelen verschillend zijn van OEM

It is recommended that purchasers independently determine the suitability of our products for their purposes. No salesperson, company representative or agent is authorised to give any guarantee or recommendation contrary to the foregoing. The information supplied is accurate to the best of our knowledge and is based on production data. The properties quoted are intended as a guide. They do not, therefore, constitute a specification.
